

Puzzle-Staffel

What you need:

- at least 12 persons divided into two teams
- one puzzle in an envelope per group

The Game:

After a signal of the coach, one of each team runs across the court to the envelope and gets one piece of the puzzle, then runs back. As soon as he arrived behind the marking, another player has to start and get another piece and so on.

While the different players run, the rest of the team has to assemble the puzzle.
